Measuring Instructions

Before beginning, read the guidelines below and then compare your measurements to the charts.

For the best fit, wear little or no clothing while measuring, and use a fabric tape measure.

*Bust: Wrap the tape around the fullest part of your bust, then drop your arms to your sides to measure.

*Waist: Measure around your natural waistline which is approx 18" down from your high point of shoulder, keeping the tape comfortably loose.

*Hip: Measure 8" below your waist. Stand with your heels together, and measure around the fullest part of your hips.
